

NUTRIFIOC

FUORICLASSE LINE

The First-rater line is addressed to competing horses. It contains all the nutritional principles indispensable to give horses the necessary energy to face the sport challenges, to maintain their muscular tone and to keep them reactive.

Fuoriclasse Nutrifioc is suitable for all competing activities requiring strength and great energy. It can be used by horses performing in high level competing activities such as races but, thanks to its high oats percentage, it is successfully used also by trotters. The huge amount of flakes makes this product extremely desirable.
